

# REVENGE FANTASY

holofernēs  
is slain

when you return  
to bethulia  
they'll call you a hero

but right now,  
the blood  
is fresh  
on your hands

you don't feel  
like a hero

you struggled  
with your feelings  
of guilt

pressured to  
forgive him

while he never  
repented his crimes

you ended him  
not out of heroism  
but for your own closure

and now that he's gone

you finally feel  
safe enough to cry
